A. E. MICHAEL

A GOOD PLACE TO TRADE.

NOW

Is the Time to Clean Your Seed Grain.
How about A New FANNING MILL ?

It is also a good time to haul and
manure, See me about a
MANURE SPREADER.

R. SPEAKMAN,

COCKSHUTT IMPLEMENT DEALER.

Card of Thanks.

Mr. A. E. Hopkins wishes
to thank all his neighbors and
friends for their kindness and
sympathy expressed on the
occasion of his sad bereavement.

Frank Oliver for Leader

A big boom has been started
to induce Hon. Frank Oliver,
now a member of the
Railway Board, to accept the
leadership of the Alberta Liberals.
Liberals in the north are confident that with
Mr. Oliver at the helm the
party could sweep the northern
part of the province at
coming general elections, while
from the south reports are
that old timers would rally to
his standard, and that his
leadership would be supported
once decided upon by a
regular convention. In the
event of Hon. Mr. Oliver des-
igning there is a steady boom
for Mayor K. A. Blatchford,
who is in the east.

DANCE!

ON

Tuesday, April 13.

IN

Rosenthal Hall.

Barth's Orchestra.

Calendar.

- April 1—Town Council meets
- 3—Inga councillors meet, Stony Plain.
- 5—Entertainment in Winterburn Hall.
- 5—Play, "Miss Fearless and Co." in Wadel's Hall. Dance after.
- 5—Edmonton Spring Stock Show.
- 6—Meeting of Spruce Grove M. D. Council.
- 7—Meeting of Ladies Aid of United Church.
- 13—Dance at Rosenthal Hall, Barth's Orchestra.
- 14—Women's Institute meets.

Old-timers to Celebrate

Stony Plain and district
were well represented at the
Edmonton Old Timers' reunion
on Friday night last, in
the City, several carloads of
local men made the trip in to
join in the festivities. Arrangements
for the Old Timers' party in
connection with the exhibition,
and an appeal is being
sent to the farmers of the
district to help out with horses
and vehicles.

The following members have,
with others, been chosen to
assist the executive body in
connection with arranging the
parade, which will be one of
the features of the exhibition:
Murd McKinley and Jacob
Miller, Stony Plain; George
Wellbourn and Henry Fraser,
Winterburn; S. B. Lucas, Wabamun;
Dan McKinley, Naman;
and Charles Perry, Duffield.

LOCAL NEWS.

To-morrow, (Good Friday)
being a public holiday, all the
places of business in Stony
Plain will be closed.

Gordon Rehr, formerly el-
ectrician at the Opperts
banser, Hardware, left this
week for a visit to his home
in Ontario.

Mrs. Werner is making fair-
ly good progress toward re-
covery in an Edmonton Hos-
pital, and hopes are entertain-
ed that she will shortly be en-
abled to return to her home
here.

Messrs John Miller and
John Barth have gone to
Milnet to conduct a pool room
and tansorial parlor. Mr. Wm
Miller has taken over the
management of the local pool
hall.

Mr. Robert Klapper is plan-
ning to leave shortly on a trip
to California.

Mrs. Ott Wadel came up
from Wetaskiwin on Saturday
afternoon. Mr. and Mrs. Wadel
have taken up their resi-
dence in the Mike Ducholke
House, College Heights.

Dr. Frihr, well known here,
paid a visit to his ranch at
Glory Hills on Saturday last,
with a party of friends.

Geo. Finner, a former resi-
dent of Stony Plain district,
was in town on Saturday last,
and left in the evening for his
new home at Junkins.

Wm. Comisarow, proprietor
of the Cash Store, is planning
some big improvements to his
emporium.

The Town Council meets
to-night.

Friday morning's train from
Prince Rupert was some 7
hours late.

The collegians from Concor-
dia College, and the stud-
ents from Camrose Normal
and Edmonton High Schools
are arriving in Stony Plain
for the Easter holidays.

The local school closed to-
day for Easter holidays, and
will reopen on Tuesday, April
6th.

The Ladies' Aid of Stony
Plain United Church held a
very successful afternoon tea
in the Town hall on Saturday
last. There was also a sale
of work in connection.

Particulars of the banquet
to be held by the members of
the Curling Club are expect-
ed to be given out early next
week.

Mr. Peter Kulak was the
fortunate holder of the key
which opened the lock on the
Radio Outfit at the J. Miller
Store.

The play, "Miss Fearless
and Co." will be given in
Wadel's Hall on Monday
next, the 5th, by the Girls
Club. Dance after the show.
Barth's Orchestra.

Always Ready To Soothe & Heal

A Land of Opportunity and Service

Canada, and Western Canada in particular, has frequently been described as a young man's country—a country in which the humblest boy possessed of ability and energy, plus ambition, has an opportunity of rising to the top in any walk of life he may choose, and of achieving the highest position which it is within the power of his fellow citizens to bestow. Over and over again has the correctness of this opinion been verified in the lives of young men who have risen to positions of influence and power in the country whereas they probably would have led uneventful lives had they remained in their old environment.

It is doubtful, however, if quite so striking an example of the rapid rise of a young man from very humble surroundings to a high and honored position has ever been afforded as in the case of Hon. Charles A. Dunning, until a few days ago Premier of Saskatchewan and now Minister of Railway and Canals in the Dominion Government. The story of Mr. Dunning's life since coming to Western Canada reads like a romantic fairy tale.

Mr. Dunning has not yet reached his forty-first birthday, having been born in Leicester, England, on July 31, 1855. As a youth of 17, and delicate in health, he emigrated to Saskatchewan and began work as a farm hand. The following year he homesteaded at Beaverdale, Sask., and, like all new settlers, he had to break his quarter section and erect his log and sod buildings. In the year prior to Mr. Dunning's arrival in what is now the Province of Saskatchewan, the Territorial Grain Growers' Association was organized, and the newly-arrived English lad soon identified himself with the "Local" in his district, and thus commenced to render public service and climb the ladder of fame.

Within a few years he was a director of the Association, then vice-president for four years. During this period the Saskatchewan Co-operative Elevator Co. was created, and Mr. Dunning was appointed its first General Manager, which position he held for six years, developing the infant Company until it reached the position of being the world's greatest initial grain handling concern. Then, in 1916, when W. M. Martin succeeded Walter Scott as Premier of Saskatchewan, he called Mr. Dunning to his cabinet as Provincial Treasurer, and, with the possible exception of Quebec, no Province's finances were better handled during the last of the war years and during the difficult years of readjustment and depression that followed than were those of Saskatchewan.

In 1922, Mr. Martin retired from the Premiership, and Mr. Dunning was the unanimous choice of the Liberals of Saskatchewan as his successor. Thus within nine years of arriving in Saskatchewan, and at the early age of 26, Mr. Dunning was General Manager of one of the Dominion's biggest companies; at the age of 31 this English emigrant lad was a cabinet minister; at 37 he was Prime Minister of the Province. What other country can offer a parallel to such a record?

During the war Mr. Dunning threw his abundant energy and organizing abilities into the task of furnishing the wherewithal to enable Canada and the Empire to warthily and successfully fight their part. He was chairman of the Victory Loans campaigns in Saskatchewan for three years in succession, and Director of Food Production in Canada during the last critical year of 1918.

And now, secure in the Premiership, with an overwhelming majority in the Legislature following an election of less than a year ago, Mr. Dunning relinquishes a safe and comparatively easy position to go to Ottawa and take over one of the heaviest and most responsible portfolios in the Dominion Government. And those who know him most intimately are agreed that he does so in order that he may thereby render still greater service to the country of his adoption and the Empire which gave him birth.

It is well for Canada that it can provide such opportunities for advancement to its people, and it is even better for Canada that when the occasion and the need arise, her sons are willing to give her their very best in effort and service.

Apart altogether from partisan feelings and affiliations, the people of Western Canada are proud of the achievements of Mr. Dunning and rejoice to have him in the Government at Ottawa at a time when strong men, filled with initiative, and capable of safe but progressive leadership are urgently needed. Although a Westerner by his own choice, and fully seized with the problems and needs of this section of the Dominion, Mr. Dunning's vision is not restricted to the prairies. He will approach and deal with Canadian problems, not from any narrow or sectional viewpoint, but in the interests of Canada as a whole.

Knowing the West as he does and its enormous possibilities, he will apply his energies beneficially for the West, not because it is the West, but because thereby the welfare and prosperity of Canada as a national unit will be advanced. Political friend and political foe will, therefore, be found uniting in a hope that the same unbroken record of successful achievement which has marked his career in the past will be surpassed in the larger arena of national affairs. It is Canada which will be the gainer thereby.

Children Cry for

Fletcher's CASTORIA

MOTHER:—Fletcher's Castoria is especially prepared to relieve infants in arms and children all ages of Constipation, Flatulency, Wind Colic and Diarrhea; allaying Feverishness arising therefrom, and, by regulating the Stomach and Bowels, aids the assimilation of Food, giving natural sleep.

To avoid imitations, always look for the signature of *W. D. Fletcher*. Absolutely Harmless—No Opium. Physicians everywhere recommend it.

Latest Idea In Surgery

Alberta Professor Discovers Medicine That Hastens Recovery Of Broken Bones

Medicine to speed up recovery from broken bones is the latest idea in surgery.

Bones consist largely of calcium phosphate, and after a fracture, fresh quantities of this substance must be taken from the blood for the formation of new bone. The healing process is slow owing to the small quantity of calcium and phosphorus in the blood.

Professor Collip, of the University of Alberta, Edmonton, obtained from the parathyroid glands an extract which, when injected or given by the mouth, increases the amount of both calcium and phosphate in the blood. The parathyroids are four small glands in the neck near the thyroid gland, on embedded in it.

Not Concerned Over Casualties

U. S. Calmly Accepts High Death Rate From Auto Accidents

In the United States the death rate from automobile accidents is forty-eight every twenty-four hours, with 100 injured in that period. The most peculiar fact associated with these figures, according to statisticians who are studying them, is that the people show little or no concern over the large casualty rate, although if war were taking that many every day there would be great excitement about it.

COLOR IT NEW WITH "DIAMOND DYES"

Just Dip to Tint or Boil to Dye

Each 10-cent package contains directions so simple any woman can tint soft, delicate shades or dye rich, permanent colors in lingerie, silks, ribbons, skirts, waists, dresses, coats, sweaters, drapes, coverings, hangings, everything! Buy Diamond Dyes—no other kind—and tell your druggist whether the material you wish to color is wool or silk or whether it is linen, cotton or mixed goods.

Through Service For Steamship Passengers

Canadian Pacific Railway Inaugurates Through Tourist Sleeping Car Service

For the convenience of western passengers enroute to the Old Country, the Canadian Pacific Railway have inaugurated a through tourist sleeping car service from Winnipeg to Saint John, N.B.

These cars will leave Winnipeg on "The Imperial" at 10:00 a.m. every Tuesday until April 20th, providing through service to the ship's side at Saint John.

This service will prove extremely popular with passengers from the prairie provinces, eliminating as it does, changing trains at Montreal.

Victims Of Wild Animals

Over 3,000 People Killed In British India Last Year

In British India alone last year it is reported 3,065 persons were killed by wild animals and 20,000 died from snake bites. Tigers accounted for 1,632 deaths; wolves for 535; leopards for 664; and crocodiles took the lives of 213. The wild pig killed more than 100; bears and elephants about 70. During the year about 23,000 wild animals were killed, so that the ratio of human to wild animal deaths in the jungle is only about one to six.

There is nothing repulsive in Miller's Worm Powders, and they are as pleasant to take as sugar, so that few children will refuse them. In some cases they cause vomiting through their action in an unclean stomach, but this is only a manifestation of their cleansing power, no indication that they are harmful. They can be thoroughly degusted upon to clear worms from the system.

No man will ever be bored as long as you talk to him about himself.

What Rheims Requires

Restoration is Almost Complete But City Needs Population

There is one city in the world, at any rate, in which there is no shortage of houses.

Rheims was practically destroyed during the war, but it has been rebuilt. It has fine houses, fine shops and fine factories, but the factories lack workers, the shops lack customers, and the houses lack inhabitants. So the reconstruction committee is publishing the needs of Rheims in the newspapers of Paris, where people are at their wits' ends to find room to live. There should be a quick migration.

Rheims Cathedral is not as far advanced in reconstruction as the rest of the city. Its restoration will take thirty years to complete, but it is hoped to have it sufficiently advanced so that services may be held there next Easter.

To Asthma Sufferers. Dr. J. D. Kellogg's Asthma Remedy comes like a helping hand to a sinking swimmer. It gives new life and hope—something he has come to believe impossible. Its benefit is too evident to be questioned—it is its own best argument—its own best advertisement. If you suffer from asthma get this time-tested remedy and find help like thousands of others.

Walking isn't a lost art. One must, by some such means, get out to the garage.

The skins of sharks, porpoise and other kinds of fish have been developed into excellent commercial leather.

Nervousness, Dizzy Spells and Heart Trouble Relieved

Mrs. S. Wideman Used Dodd's Kidney Pills

Ontario Lady Has Had No Return of Her Troubles Since Taking Dodd's Kidney Pills Four Years Ago. Newmarket, Ont.—(Special)—Once again Dodd's Kidney Pills have proved their inestimable value in the case of Mrs. S. Wideman. A well known resident of this place. She writes: "My back would pain me so at times I could hardly straighten myself. When I used to stoop down I would get dizzy spells. My husband told me to try Dodd's Kidney Pills. I used four boxes and can say I have not been troubled since with either of the things I have mentioned and that is over four years ago. I work every day."

That Mrs. Wideman's trouble came from the kidneys is evidenced by the relief she got from Dodd's Kidney Pills. When the kidneys become clogged or out of order, the circulation becomes sluggish, the impurities are not strained out of the blood and the result is weariness and lack of energy all over the body.

George Westinghouse was born in New York, where he worked in his father's machine shop.

FOR NEURITIS

ASPIRIN

Proved safe by millions and prescribed by physicians for

Neuritis Colds Headache Lumbago

Aspirin is the trade mark (registered in Canada) of Bayer Manufacturers of Monocrotic acid of Salicylic acid (Acetyl Salicylic Acid). It is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their special logo mark, the "Bayer Cross".

League Of Nations Report Shows Slavery Still Exists In Many Parts Of The World

It is difficult for people on this continent to realize that a million men, women and children in the world are condemned to the inhuman miseries of slavery.

The evil is too gigantic to permit the comfortable illusion that only its smoldering embers remain. In some parts of the world it flourishes openly in all the horrors of its traditional form. In others it abounds in new disguises, equally deadly in their bonds of servitude. Their existence might be unbelievable without the disclosure being made by the League of Nations, which has a commission charged with the discovery of the forms slavery is now taking, and with an attack upon their continuance.

Though slavery still persists in many of its habitual regions in Africa, its more dangerous phases, because they are less definable, are found in many quarters of the globe. It is true that Africa captured chiefly in Northern Africa, are transported mainly through Egypt and Somali into the Near East, and there held in abject slavery. It is true, too, that children, especially girls, are brought from the Far East on pilgrimages to Mecca, and sold by their parents as slaves in Arabia. And it is stated to be equally undeniable that under the government of freed slaves ruling the republic of Liberia, slavery is permitted and practiced.

A United States commission of inquiry has submitted to the league a report of harrowing conditions found in Portuguese Africa, notably in Angola and Moambique. In fact, the whole story of slavery in the world as revealed by the commission of the League of Nations is one of grave and disgusting import. It is based on evidence already admitted to be of a nature so sensational that, for reasons seemingly not yet revealed to the world, Mr. Pockonby, who was under secretary of state for foreign affairs in the British Labor Government, declined to have it divulged in full, as it was "not in the public interest to let the world know what was going on in China."

China declares it does not allow slavery, but that does not prevent the Archbishop of Canterbury from being presented with damning evidence to the contrary. He so doubted the sincerity of the dark picture portrayed to him that he sought information from "an eminent Chinaman who is in this country (England)." He was informed the picture was not nearly dark enough. The archbishop suggested that though slavery might pertain to Western China, it could not be prevalent in the great cities of the east. The eminent Chinaman replied: "Oh, yes, it is. I could buy slaves in half an hour. There is not the slightest difficulty in buying girls; I could buy them anywhere."

Such evidence of slave trafficking in China is verified by investigations instituted by the international labor office at Geneva. These reveal a horrible state of sale and debauchment in slavery of female children. "Such sale of female children," says the report, "although undoubtedly contrary to Chinese law, does not appear to be interfered with in any way by those charged with the administration of justice."

Grain Lost In Transit

Only 21,454 Bushels Grain Lost In Transporting 288,837 Cars

On the basis of claims presented to the grain commission during the crop year ended July 31, 1925, only 21,454 bushels were lost in transporting 288,837 cars of grain from the prairies to the head of the lakes.

In answer to a question asked by John Miller, M.P., for 'Qu'Appelle, it was stated by the government that only 935 claims were filed or about 15 per cent, of the cars handled. The minimum loss reported was 840 lbs.; the maximum 34,900 lbs.; and the average 2,600 lbs.

As a rule the people who haul for free speech are the kind that get mad if you don't stand and listen.

The man who is constantly in the public eye is apt to get an occasional rub from the public fashions.

W. N. B. 1925

Home-Cured Pork and Beef

Exhibit Of Farm Dressed Meats Is Shown At Convention

One of the most striking features of the livestock demonstration put on by the animal husbandry department of the Saskatchewan College of Agriculture at the recent convention of agricultural societies was an exhibit of home-cured pork and beef.

A select carcass was first shown to show the source of meat of excellent quality with that shown in a cured state. The finished product was lying on the rail, dishes made from it were displayed on a table, boned and prepared most temptingly, and the equipment for curing also exhibited. To complete the effect, sandwiches made from the final cooked ham were distributed to the delegates with coffee.

A review of current prices showed a striking spread between the dressed carcasses uncured and the treated bacon and ham. Whereas it paid better as a rule to sell live hogs than dressed carcasses from the farm, the saving on home-cured meats as compared with buying them made it appear well worth while to cure a carcass for home use.

Discovery Will Be Welcomed

U. S. Professor Finds Mixture Guaranteed To Repel Mosquitoes

Discovery of a mosquito repellent is announced by Dr. William Rudolph, instructor of entomology at Rutgers University.

The discovery was the result of a four-year study. "The best protection can be secured by mixing ordinary insect powder extract with kerosene, cold cream, or face powder," he says. "For making a repellent about fourteen parts of oil or extract was mixed with 94 to 96 parts of vaseline or cold cream. In case a powder is wanted the substance can be mixed with wheat flour, or talcum powder."

Dr. Rudolph explained that in mixing the ingredients he used as much oil as the powder would absorb without becoming pasty. The mixture, he announced, afforded protection for from two to three hours. He also said that the tests were carried on when mosquitoes were alighting upon the experimenter at the rate of from five to twenty a minute.

Spring On The Prairies

You Get The Sensation Of Truly Living In The Wide Open Spaces

It is in the early spring, too, that one gets out there the sensation of truly living on the great prairie. You go out into the west pasture and you seem to feel the country stretching away in rolling farm lands for hundreds of miles in every direction, cities dwarfed, houses and barns levelled and boundary lines obliterated, as they all look on a schoolroom map. Local activity is summer and fall partially dispels this feeling, but in the spring you get to know the thrill connected in that term, "Western prairie lands."

Probably for this reason this is the time of year when the liberated pioneering blood surges up out there. You grow restless, sit at your other ropes and fight the temptation to pull up stakes and get out on the road leading "farther west."—New York Evening Post.

Consumption Of Meat

Eating More Meat But Less Pork In United States

The average consumption of meat in the United States was greater in 1925 than in any year since federal meat inspection was instituted in 1907, says the report of the national livestock and meat board.

The use of pork declined from past years, probably due to higher prices incident to the 20 per cent. decrease in hog receipts at central markets, but veal, beef and mutton all increased.

The average person in the United States last year consumed 154.3 pounds of meat, the report shows. This was four pounds greater than the average consumption for the last 19 years.

Prairies Have Not Reached Horseless Age

Regime Firm Cannot Keep Up With Orders For Harness

While some people have been pointing with justifiable pride to the number of automobiles in Saskatchewan and talking glibly of the "horseless age," quite a few other busy people are saying little but quietly making a profit out of the knowledge that horses are very much in evidence in this prairie province just now.

Back in the days when land prices were skyrocketing, Regina citizens used to boast about living in the greatest farm implement distributing centre in the world, at the same time admitting they were taking in quite a bit of territory. Now note what is doing in the harness business.

One Regina wholesale firm has already sold 950 dozen horse collars alone this year. That's enough to provide a new spring collar for 11,400 horses. The manager of that concern admitted he was doing great business. "Nothing like it in the history of this firm," declared the manager of another big wholesale house. "I should know something about it," he continued, "as I have been local manager for 18 years." He figured the total spring business from Regina alone would run to 8,000 complete sets. But there is a fly in the ointment. This great demand for harness in a horseless age was hardly anticipated. Factories in Eastern Canada are unable to keep up with the orders. Goods that should have arrived here early in February are arriving now. Anxious buyers are being held off, and at least one-third of the orders remain unfilled, while telegrams flash back and forth between jobbers and factories.

Canadian Builders May Find Market

Canadian growers of flowers, at least some of them, are coming round to a belief that Canadian enterprise and ingenuity ought to be encouraged more than at present. There is satisfaction in knowing that the idea is receiving some thought and publicity, and that before many years have passed the originalising in this country may find a market even in Holland.

In any event, everywhere on the American continent.—Guelph Mercury.

Teacher (to boy sitting idly in school during writing time): "Henry, why are you not writing?"

Henry—"I ain't got no pen."

Teacher—"Where's your grammar?"

Henry—"She's dead."

Effort Being Made To Increase The Growing Of Forage Crops In The Western Provinces

Has Had Successful Year

Powder Coups Creamery Is 400 Miles From Nearest Market

British Columbia—if not Canada's most northerly creamery, that of the Powder Coups Creamery Association, has just concluded its second year's operation and at the annual meeting recently held at Dawson Creek, Peace River, B.C., much satisfaction was expressed at the results.

Situated 100 miles from the railway and practically 400 miles from its nearest market, this creamery association has surmounted the almost overwhelming overhead in additional freight charges incidental to trail and rail of such distance and has paid a satisfactory return to its patrons, some 70 in number. Most are married settlers and by their cream checks receive sufficient to meet their grocery bills.

Owing to the scattered population long distances have to be travelled to secure a sufficient supply of cream to keep operating, the farthest point reached being the winter settlements at Outlook and Sunset Prairie, 40 miles away.

During the year 34,000 lbs. of butter fat were manufactured and sold for \$11,784. Dressed poultry to the value of nearly \$1,100 was also sold. After paying expenses and setting aside a sufficient sum for repayment of more on machinery and depreciation on plant and buildings, nearly \$5,000 was distributed to the patrons.

Provisions for paying off mortgage on machinery, reserves for depreciation of machinery and building were also made out of the surplus.

An Up-to-Date Tomb

A telephone and electric lights grace the interior of the mausoleum in which the body of Martin A. Sheela, wealthy stockbroker, was entombed in Terre Haute, Ind. Sheela asked that his tomb be so equipped that he might have opportunity to talk with the outside world if he should awaken.

Alberta's wool clip has grown from 200 to 2,500,000 pounds in the course of a few years. About 200,000 sheep were clipped last season.

The Duke and Duchess of Atholl

Who have just celebrated their silver wedding. The duchess will attend the third triennial conference of the National Council of Education to be held at Montreal, April 5-8. Her name will stand in her capacity as parliamentary under-secretary of the British Department of Education.

Becoming Menace To West

Destructive Rat Is Rapidly Invading Prairie Provinces

In the Saskatchewan Legislature, steps were taken to fight the invasion of the rat. It was stated that the territory east of a line drawn from the international boundary through Lampman, Broadview, Melville and Priestville, was now rat-infested and that the government was doing what it could to stop further incursions.

Up to ten years ago the rat was unknown in the three prairie provinces. There was great excitement when the first rat was discovered at Emerson, on the Manitoba boundary line. Little by little he made his way north until in Winnipeg today the rat is almost as common as in eastern cities. Then the rodent started pushing west, until now he has reached Saskatchewan, and the Saskatchewan Government is making a fight to prevent his further spread.—Kington British Whist.

Arabs In Palestine May Revolt

Chukry Jastri, leader of the Arab party in Palestine, has arrived at Geneva and sent a letter to Sir Eric Drummond, secretary-general of the League of Nations, declaring that the failure of the league to dispatch a commission to Palestine to examine the "plotted" situation of the Arabs, threatens to ferment a revolt there similar to that in Syria.

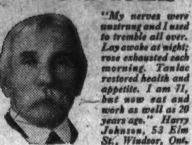

More Area To Cover

Barber—"You complain of our charge for shaving etc., but you must think of the extra labor."

Customer—"What extra labor?"

Barber—"Well with the high cost of living, gentlemen's faces are longer than they were."

Young vigor to old folks

"My nerves were unsteady and I used to tremble all over. Lay awake at night, rose exhausted each morning. Tanalee restored health and appetite. I am 71. Tanalee makes me work as well as 20 years ago." Harry Johnson, 22 Elm St., Windsor, Ont.

One of Tanalee's greatest blessings is the new life and vigor it brings to old folks. Every day men and women up in the seventies and eighties thank us for Tanalee's wondrous benefits.

Tanalee is a natural tonic, made from roots, barks and rare herbs. Harmless to man or child. It cleans the blood, stirs the liver and puts digestive organs in working order.

If your body is weak and run-down, if you lack ambition, can't eat or sleep, you'll be delighted with Tanalee's results. Take Tanalee Vegetable Pills for constipation.

WORLD HAPPENINGS BRIEFLY TOLD

Uncollected balances in Canadian chartered banks on December 31, 1925, totalled \$2,396,063.51.

David Ross, known as the father of the Irish linen trade, is dead at Belfast, aged 91, after 74 years in business.

Before the board of railway commissioners, Col. J. L. Ralston, as counsel for the Maritime Provinces, supported the claims of the Quebec harbor commissioners that the National Transcontinental should be utilized for the eastbound grain trade, for the benefit of Canadian ports as set out in statute.

Neuralgia Conquered Its Pain Destroyed

Magical Results Come When You Apply

NERVILINE

Mr. W. T. Greenway, formerly connected with the Guide newspaper staff, has written: "For twenty years we have used Nerviline in our home, and not for the world would we be without it. As a remedy for all pain, neuralgia, toothache, cramps and disordered stomach, I know of no preparation so useful and quick to relieve as Nerviline." Remember this, wherever there is pain, rub Nerviline, and you will get prompt results. 50c at all dealers.

Of the 667 professions listed in the United States, men are engaged in 632.

A Corrector of Pulmonary Troubles. Many testimonials could be presented showing the great efficacy of Dr. Thomas' Electric Oil in procuring disorders of the respiratory tract, but the best testimonial is experience and the Oil is recommended to all who suffer from throat trouble, with the certainty that they will find relief. It will allay inflammation in the bronchial tubes.

When there weren't any nerve specialists, people just had the fidgets and took another dose of calomel.

Cuticura Loveliness A Priceless Heritage

For generations mothers have been using Cuticura. Preparations for all toilet purposes and have been teaching their daughters that daily use of them produces clear, smooth skin and healthy hair. They find the Soap pure and cleansing, the Ointment soothing and healing, should any irritations arise, and the Talcum as ideal toilet powder.

Solely Sold Free by Mail. Address: Cuticura Laboratories, P.O. Box 1023, St. Albans, Vt. Send 10c for Cuticura Soap and 25c for Cuticura Ointment.

Trades Claim For Oats

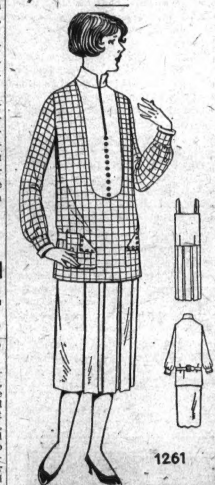

Red Lake Prospector Needed Supplies For His Horses

Romances of the gold rush days in the Klondike are having their counterparts in the Red Lake flurry of today. Like an echo of freak bargains in the old days, comes a tale of a bargain struck in the northern solitudes of Ontario.

Tim Crawley, a youthful prospector, had taken a team of horses into the outer regions of the Red Lake mining area. He had a small supply of oats and less hay. At the moment when equine provisions are running low, he came in contact with A. H. Partridge, pilot of one of the planes that survived the crash.

Crawley entered into a bargain with the aviator. He agreed to stake a claim for Partridge in exchange for a bag of oats.

Stories brought from Hudson, Ont., indicate that many similar bargains are being made.

The Sports Type Jumper As Worn In Paris

French fashion creators are still designing delightful two-piece sports frocks, one of which is pictured in this model of washable, white, over-the-knee blouse in large plaid effect. Chic are the pockets and set-in vestee, with collar to be worn high or low. The long sleeves are gathered into cuffs with a rolled edge, and a narrow belt fastens smartly at the centre back with a buckle. Joined to a cambric top in the skirt with box-plaits at the waist to supply fullness, yet retaining the desired straight effect. No. 1261 is in sizes 16, 18 and 20 years, or 34, 36 and 38 inches bust only. Size 18 years (36 bust) requires 4 yards 36 inch, or 3 1/2 yards 44-inch material, with 3/4 yard lining for cambric top. Price 20 cents.

Our Fashion Book, illustrating the newest and most practical styles, will be of interest to every home dressmaker. Price of the book 10 cents the copy.

It has Many Qualities.—The man who possesses a bottle of Dr. Thomas' Electric Oil is armed against many ills. It will relieve a cough, break a cold, prevent sore throat; it will reduce the swelling from a sprain, relieve the most persistent sore and will speedily heal cuts and contusions. It is a medicine chest in itself.

Some men earn their living by selling taffy and others by giving it away.

Minard's Liniment for sore throat

Claims Stomach Souring

Causes Bad Breath

New York City. Mr. Ben Lohelnde, writes:—"I was formerly a victim of constant upset stomach, bad taste in the mouth, and very disagreeable breath. My bowels were constantly constipated and nothing helped except temporarily. After using Carter's Little Liver Pills I have overcome all trouble and I am especially happy because of a sweet, clean, healthy breath."

Carter's Little Liver Pills are small, sugar coated, easy to take by every member of the family. Their action on the bowels is gentle. 25¢ and 75¢ red boxes. "Bruders."

Human nature hasn't changed. Old-time boys would have been just like the moderns with the same amount of rope.

A SPRING TONIC

AN AID TO HEALTH

You Can Lay the Foundation of Good Health Now by Building Up Your Blood and Strengthening Your Nerves Through the Use of Dr. Williams' Pink Pills.

The good old fashion of taking a tonic in the spring time, like most of the customs of our grandparents, is based upon sound common sense and good medical practice. Winter is always a trying time for those who are not in rugged health. Many men, women and children go through the winter to reserve strength they have stored up during the sunny summer months, and grow increasingly pale and languid as the spring days approach. A tonic for the blood and nerves at this time will do much for such people, by putting color in the cheeks and banishing that tired feeling that worries thousands of people at this season of the year.

It is impossible to be energetic if your blood is thin and weak, or if your nerves are frayed or shattered. You cannot compete with others if you do not get refreshing sleep at night, or if your appetite is poor or you are losing weight. You need a tonic at this time to add to your efficiency now, as well as to save you from suffering later on. And in all the realm of medicine, there is no safer or better tonic than Dr. Williams' Pink Pills. These pills tone and enrich the blood which circulates through every portion of the body, strengthening faded nerves and run-down organs, and bringing a feeling of new strength and energy to weak, easily tired, despondent men, women and children.

Miss K. Strole, Kamouraska, Que., says:—"I would think that I was neglecting an opportunity to help myself when I neglected to take Dr. Williams' Pink Pills. I felt tired to tell you how much benefit I had through the use of Dr. Williams' Pink Pills. Before taking the pills I was in a bad run-down condition. I was very weak, pale and breathless at the least exertion. I often had headaches and my appetite was poor. I began taking the pills and they restored me to better health than I had enjoyed for long time; in fact, my health is now the best, and I am sure that what this medicine has done for me it will do for all weak, ailing people."

You can get these pills from any medicine dealer or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

"There are no birds in last year's nests," says a poet. True—and there are no needs for next year's birds.

Her Heart

Palpitated She Had Fainting Spells

Mrs. J. Wilson, Fort George, N.S., writes:—"I suffered from palpitation of the heart and fainting spells, and at times, I could not be left alone—I was so nervous."

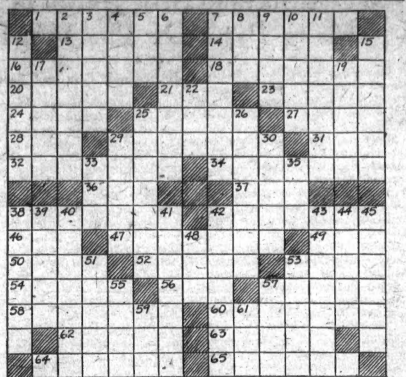

"My trouble was caused from overwork and worry, having been left alone with a large family."

"I had tried everything, without any relief, but I knew, one day, that I would have been a nervous wreck but for your wonderful"

These Pills are for sale at all drug stores and dealers; put up only by The T. Milburn Co., Limited, Toronto, Ont.

OUR CROSSWORD PUZZLE

- Horizontal
- 1—A citrus fruit.
 - 2—A small group or troupe.
 - 3—Violonary.

 - 64—Moist.
 - 65—Even (cont.).
 - 66—A barrier to check the flow of a stream.

Answer to Last Week's Puzzle

SUNDAY SCHOOL LESSON

APRIL 4

JESUS APPEARS TO HIS DISCIPLES (EASTER LESSON)

Golden Text: Because thou hast loved the world, thou hast believed; blessed are they that have not seen, and yet have believed. —John 20:9.

Lesson: John 20:1-21:25.

Devotional Reading: Revelation 1:8.

Explanations and Comments

The risen Savior appears to the Disciples in the Upper Room, 20:19-25.

—On the evening of the Sunday following the crucifixion, Christ appeared to the disciples in the room where they were assembled. That his body was no longer subject to ordinary laws, is indicated by his sudden appearance in their midst although the doors were closed. "Peace be unto you," was his greeting, and then convince them of his identity, he showed them his pierced hands and side. The disciples believed and rejoiced. Again he said, "Peace be unto you," and added, "As my Father hath sent me, even so send I you."

—An associate and friend of years, Dr. Henry Ostrum, has described an African prince visiting the African continent at the St. Louis Exposition. He was clad in citizen's clothes, and the people from Africa appeared in their native costumes. When this stranger proclaimed himself a prince they ridiculed him. However, an aged man said, "I can tell whether you are a prince of the royal blood, and Christ says before us as the Lamb that had been slain; scars in his hands and feet, in his side and crown on his brow. He is our Redeemer" (Dr. J. Wilber Chapman).

Minard's Liniment for colds

The woman who doesn't understand the art of making over last year's hat should never marry a man to reform him.

Worms in children, if they be not attended to, cause convulsions, and often death. Mother Graves' Worm Expeller will protect the children from these distressing affections.

The man never lived who didn't at some time in his life expect to invent something that would make him rich.

Girls! Your Health!

—Middletown Studio

Toronto, Ont.—"Dr. Pierce's Favorite Prescription is a godsend to women and girls who have become run-down in health. When I was a girl, I became all run-down in health, was weak and nervous, suffered from irregularity, and at times with pains. I was as miserable as could be, when, upon the advice of a friend, I took the 'Favorite Prescription,' and it corrected all my trouble. I did not suffer any more, my nerves grew strong and I gained in health and strength very rapidly. After I married I took the Favorite Prescription and it gave me wonderful relief."—Mrs. Elizabeth Fennell, 205 Oak St. All druggists.

This Prescription is made in Dr. Pierce's Laboratory in Bridgeport, Conn. Send 10 cents there if you wish a trial package of the tablets.

THE PROBLEM OF THE WORLD WAR'S HERITAGE

London.—The problem of the world's heritage of unsatisfied debts was given a periodical airing in the House of Commons and Winston Churchill, chancellor of the exchequer, and Philip Snowden, Laborite and former chancellor, who are poles apart politically, joined hands in the house in agreeing that the burden of responsibility for the war debt difficulties rests on the United States for refusing to adopt a policy of all-round cancellation.

Mr. Snowden precipitated the debate in the hope of helping to bring Great Britain's financial position to the attention of time, and he spared not their United States; France nor Italy in the scathing bitter criticism for which he has a reputation.

With ministerial responsibility associated with his utterances, Mr. Churchill restrained his statements somewhat, and on the whole was hopeful of obtaining from Great Britain's debtors the necessary £23,000,000 sterling which this country is now paying to the United States annually. And thus the chancellor of the exchequer believes the British Government will be enabled to carry out the principle of the Balfour note, whereby Great Britain declared her intention of collecting from her continental allies only sufficient sums to pay her indebtedness to the United States.

Mr. Churchill described the undertaking to pay £100,000 sterling daily for more than three generations of the nation as "one of the most stupendous tasks and burdens ever assumed by any country in the whole world's history."

May Expect Large Orders

Australia Will Buy Canadian Newsprint Says Melbourne Editor.

Vancouver.—Canada may expect a third or a half of the Australian newsprint orders, running more than a million pounds sterling as a result of the Australian-Canadian trade treaty, according to Keith Murdoch, editor and general manager of the Melbourne Herald, who arrived in Vancouver from the Orient on the Empress of Asia, enroute to London, England.

At first the treaty appeared to favor Canada. "Sale of dried and canned fruits from Australia in this country, he thought would depend upon the attitude of exporters in Australia. It might be advantageous to have a real direct Australian trade commissioner in this country, or some representative of the manufacturing and export houses.

Conditions in Australia were bright he observed.

Will Protect Soviet Delegates

Russian Representatives Invited To Disarmament Talk in Geneva.

Geneva.—The text of a letter embodying a final appeal to Soviet Russia from the League of Nations council to participate in the disarmament studies in Geneva has been made public. It shows that the council upholds the attitude of the Swiss Government that Moscow should not expect different treatment from that accorded to the representatives of the other countries invited.

The letter emphasizes that Switzerland has promised every measure of protection for the Soviet delegates, thus seeking to remove fears that Geneva might be the scene of incidents similar to that in Lusanne in 1923 when Vorovsky was assassinated.

Will Discuss Locarno Pact

Canadian House of Commons Will Have Opportunity After Easter

Ottawa.—The House of Commons will be given an opportunity to discuss the Locarno agreement shortly after the Easter recess. Premier King, in answer to a question by Dr. P. McMillan (Conservative, Muskoka), stated that if members were anxious to discuss the agreement, he would see that an opportunity was given. He observed that the agreement was not yet in effect. Consequently, there did not appear to be any great need for haste in discussing it.

W. N. U. 1622

Lloydminster Oil Discovery

Recent Find Promises To Result in An Oil Boom

Saskatoon.—What promises to be an oil boom has started in the town of Lloydminster, Sask., with a number of claims already filed with the Dominion lands office at Prince Albert, where \$1,800 was taken in last Saturday.

It was a cow that made history by setting fire to the old city of Chicago. A cow, or rather cattle, have been the authors of the present excitement in the northern town, which, with the announcement that it will be made the divisional point of the new Canadian Pacific line, has made the place a booming settlement.

For the past two years John Marston, a farmer 12 miles south of town, on the Saskatchewan side of the Alberta boundary, has had difficulty in making his cattle drink the water from a 160-foot well situated on his property. Recently, at the instance of a visitor from Edmonton, who was interested in oil development, a sample of the bottom of the shaft was sent to the University of Alberta for analysis. The answer from the analyst was that the sample was 75 per cent of what is known as distillate, an even purer form of liquid fuel than the sticky, muddy liquid drilled in the Wainwright field, with which, according to the professor, this Lloydminster discovery has a geological connection.

Prepare Italians For Emigration To Canada

Premier Mussolini Advises Sending Southerners to Northern Italy

London.—Premier Mussolini, of Italy, yesterday transferring Southern Italians to Northern Italy, where they can be acclimated preparatory to emigrating to Canada and establishing what he calls "emigration centres."

This purpose was revealed by Senator Dandurand, of Montreal, in an interview with the British United Press. Senator Dandurand said he recently saw a letter from Mussolini to Miss Garibaldi, who went to Canada to see if it would be possible to establish an Italian township. She found, he said, that Canadians everywhere said, "Don't send Southern Italians, send northerners. For this reason Mussolini has started this way out of the difficulty and is seriously working out his scheme for preparing his countrymen for life in Canada."

Senator Dandurand said, "something audacious like this is needed to overcome the unemployment problem in England. Agricultural training centres should be created in England for preparing emigrants for their life in Canada."

Manitoba Sells Elevators

United Grain Growers Purchase String of Eighteen Elevators From Government

Winnipeg.—Sale of 18 of the Manitoba Government elevators to the United Grain Growers' Limited, was consummated by order-in-council signed by Lieutenant-Governor Sir James Aikens today.

The sale price involves a total of \$101,000; the prices received for individual elevators ranging from \$1,000 to \$9,000.

The company previously had purchased 43 of the government-owned elevators and at present holds 56 on lease which expires in the fall of 1927.

An Epochal Event

Radio Delivers Message To School Room in Toronto

Toronto, Ont.—Mrs. Adelaide M. Flumpton, member of the board of education, speaking at a mother and son banquet, said that so far as she knew for the first time in Canada pupils in some of the high schools of Toronto sat in their classrooms one afternoon recently and heard the radio deliver its messages to them. She thought it an epochal event, not only in the history of this country, but in an age when so many remarkable things were being achieved.

Prorogue Quebec House.

Quebec.—The third session of the fifteenth legislature of Quebec was prorogued by Lieutenant-Governor Nicolas Péroche. The session opened on January 1.

PAYS TRIBUTE TO DOMINIONS FOR SUPPORT

London.—Sir Austen Chamberlain opened his speech in the House of Commons debate on the Geneva situation by saying he wished to pay a debt to the dominions and India which pressed staggily upon him. There were present at Geneva during the arduous and anxious fortnight he passed there, representatives of all the British dominions and India, and it was his good fortune throughout to be in the closest touch and consultation with them.

They all met almost daily in his room, Sir Austen said, and consultations of the most confidential nature passed among them more than once daily. He desired to express the debt that he owed them for the sympathy and support which they had accorded him in one of the most difficult tasks that it had ever been his lot to confront.

Egyptians Recognize Prestige Of Britain

Majority Realize What Empire Has Done For Their Country

Ottawa.—An optimistic outlook for Egypt and its relations with Great Britain was given by Viscount Allenby, until recently high commissioner in that country, in an address following a luncheon by the Canadian Club here.

The victorious commander of the Palestine campaign was given an impressive welcome by a distinguished audience.

The prestige of Great Britain in Egypt, Lord Allenby said, was never greater than it is today. There is a real feeling of recognition on the part of the majority of the Egyptians for what Britain has done for their country.

Loaned To Canada

His Majesty King George Offers Valuable Casket To Be Preserved In Canadian Building In London

London.—His Majesty King George has offered Hon. P. C. Larkin, Canadian high commissioner in London, for preservation in the Canadian building in London as a permanent loan, the handsome casket which contained the address presented to King Edward by the survivors of the war of 1812-14, at Queenston Heights in 1860, when King Edward, as the Prince of Wales, was a visitor in the Dominion.

The casket is of black walnut, Canadian oak and Canadian maple. It is of beautiful workmanship and is richly carved, and on it is a representation of the Prince of Wales plume.

Last Week In The Alberta Legislation

Healthy Financial Condition of the Province Is Shown in Budget Speech

Edmonton.—The shortest budget debate on record concluded on Monday evening, the proceedings being confined to one day, excepting the budget speech by the provincial treasurer, Hon. R. G. Reid, made on Thursday. Two opposition and four government members spoke.

In presenting the budget, which called for an estimated expenditure of \$11,677,862.93, and revenue of \$11,699,852.59, leaving a surplus of \$21,989.46, Mr. Reid commented on the healthy financial condition of the province. The proportion of all local taxation including provincial and municipal, to production was 7.7 per cent, the lowest of any province west of Quebec.

Reviewing the situation during the five-year tenure of the Farmer Government, Mr. Reid said that they had been able to effect big economies, controllable expenditure having been reduced \$1,179,394.57.

J. G. Bowen, opposition leader, criticized the administration of the government, stating that greater economies should be effected. The other speakers in the debate were W. T. Henry, Liberal, Edmonton; Hon. Geo. Handley, minister of agriculture; H. N. Shields, H. F. A. Hackett, Russell L. Lore, U.F.A., Wainwright; and Donald Cameron, U.F.A., Innisfail. A number of others had intended to speak, but the debate collapsed on account of the Liberals not having their speakers ready.

Several hours debate took place on the new Factory Act, which provides for a general fifty-four-hour week in factories, workshops, stores, etc., with power given to the lieutenant-governor-in-council after January 1st, 1927, to declare for a forty-eight-hour week. It was stated during the debate that eighty per cent of the organized industries of the province were already on an eight-hour basis.

The act was given second reading, but the government will introduce some amendments during the committee stage to meet representations made.

During the week a number of bills were advanced to the committee stage.

Canon Cody Honored.

Toronto.—Rev. Canon H. J. Cody, of Toronto, has confirmed the announcement that he had been invited to preach the first English sermon of the seventh assembly of the League of Nations in Geneva, September 12. He has accepted the invitation.

Canon Cody is the first Canadian to receive this honor.

May Be Governor-General.

London.—Lord Cromer is going to Canada next July. It is learned on the highest authority, in connection with the governor-generalship.

SAYS GRAIN RATE RESULTS IN LOSS TO RAILWAYS

Ottawa.—On handling grain west of Fort William the Canadian National Railway lost \$12,000,000 in 1923 and 1924—approximately \$5,000,000 each year—according to evidence given before the board of railway commissioners by F. J. Watson, of the Canadian National Railways, at the hearing of the application of the Quebec harbor commission for a lower grain rate on the National transcontinental line.

Mr. Watson added: "We are handling a lot of high-class traffic at the same time which compensates us for this loss." The figures for the 1925 grain handling were not at present available and Mr. Watson said he was not familiar with the figures east of Fort William.

Deputy Chief Commissioner Vlen wanted to know the figures of the losses on the grain. He was arrived at. The reply was that the company was prepared to show the accounting to the board, but was not willing to have it made public. Mr. Vlen argued that the parties interested in this case "had an inherent right" to know how this loss was arrived at. Such a statement must be justified.

Kept Lighthouse Lamp Going

Fourteen-Year-Old Girl Was Alone For Three Nights on Isle of Wight

London.—The light in St. Helen's Lighthouse, near Cambridge, on the Isle of Wight, was kept flashing for three nights by the 14-year-old daughter of the lighthouse keeper, Langton. The girl was marooned there without food, except one loaf of bread and a small piece of cake, but nevertheless she carried out her father's duties valiantly.

Langton and his wife lived ashore in a rough sea to fetch food and oil to the lighthouse, says The Daily Mail. While they were ashore the sea rose in its fury, and notwithstanding severe attempts made in a lifeboat and motor boat the father and mother were unable to return to the beacon.

Aside from an anxiety for his daughter left alone in the lighthouse with scarcely any food, Langton worried as to whether she would realize the necessity to light the lamp, which is one of the most important ones along the coast. Great was his relief when the light beamed punctually, and remained flashing throughout the night.

As the flash worked regularly while Mr. and Mrs. Langton were ashore, it was evident that the girl kept awake at night and wound every hour the clockwork apparatus which turned the light.

Will Not Postpone Conference

Imperial Parley Will Take Place in October As Arranged

London.—The Imperial conference arranged for next October will not be postponed according to the most reliable information; although representations to this effect have been made to the government since the disaster at Geneva.

It is pointed out to those who suggested postponement that the next meeting of the league council is scheduled for September, while the Imperial conference is to take place in the month following. It may be possible therefore for Dominion representatives to attend both gatherings which would be a great benefit all round.

Holds Double Portfolio

Ottawa.—Hon. Ernest Lapointe, minister of justice, has also become secretary of state. Mr. Lapointe will thus hold a double portfolio although the identity of the two departments will remain. The appointment does not involve a by-election. Mr. Lapointe was sworn in as secretary of state in the presence of the governor-general and of the prime minister.

Gifs For King and Prince

Santa Clara, Cal.—Two Angora-goat skins destined to be a present to King George of England and the Prince of Wales, are on exhibition here. The skins were selected by the Prince on his Alberta ranch and have been undergoing a dyeing and tanning process here. They will be shipped to England next week.

Sir Henry Walford Davies

World-famous exponent of the educational and national value of music who will be a delegate to the third triennial conference of the National Council of Education to be held in Montreal, April 5-9. Sir Henry is a pioneer in community singing and has composed a number of well-known choral works for English musical festivals, among them being the music for "Everyman," originally produced at Leeds and frequently repeated.

Wheat Pool Surplus.

The legislature in committee
last week pondered long and
seriously on how to spend
\$112,000 turned over as a
trust fund from the 1919 Dom-
inion Wheat Pool, everyone,
including Premier Brownlee,
having a fling at suggestions
without result, it being finally
agreed that a special commit-
tee should bring down re-
commendations for this dispo-
sition of this surplus.

In Manitoba and Saskat-
chewan the wheat pool sur-
plus fund had been devoted to
endowment funds for re-
search work under direction
of appointed boards. Premier
Brownlee said his Govern-
ment had agreed with this
principal in the main.

The Gov't's Good Year.

The Provincial Government
expects to make a million and
three-quarters of dollars this
year out of the liquor business.
The Government also prop-
oses to collect supplementary
excise taxes amounting to
more than a million and a
quarter dollars.

Give the Lawyer a Chance.

The fact of Premier Brown-
lee being a lawyer should in no
way embarrass him, as
leader of the government, in-
stead he eschews the tradi-
tionary tendency of the legal pro-
fession. The fact that a pub-
lic man is a lawyer is nothing
for him to be ashamed of, or
for others to belittle him
about.—Bassano Mail

Pigeons Were Postmen in Old Ragusa

Seven hundred years ago, the
pigeons of the Free City of Ragusa,
in Dalmatia, were postmen. They
lived in wooden cages labeled with
the names of their homes, and com-
municated with the other pigeons until their turn
came to carry out a letter. In this
way, Ragusa enlarged its postal
system.
But the centuries rolled by, Ragusa
lost its freedom. Venetians usurped its
powers on the seas. Battleships
steamed up and down the Adriatic.
With the other citizens, the pigeons
lost their rights and were forced to
associate with the sea gulls from
Lacroma, an island to the north,
sometimes suffering the indignity of
begging grain from the birds with
whom in the days of their exclusive

obliged to offer as tribute from his
splendor, they would not associate.
Today, the port of Ragusa, Ragusa's
harbor, is crowded with ships
bearing the new flag of Yugoslavia.
Passengers from the Empress of
France, the Canadian Pacific steam-
ship which next year will add Cattaro
and Gravosa ports on its annual
Mediterranean cruise, will have a
chance to scatter crumbs to the
thousands of cooing pigeons still
crowding Ragusa's streets and adding
to its beauty. The white city, "Bride
of the Sea," some poet has called her,
would be less beautiful if the iri-
descent tints of the pigeons did not
make small patches of color on the
spotless smooth flagstones and the
gray white buildings.

Strange, Romantic Love Adventures of the Flapper you know
Joanna
by H. L. GATES
Copyright 1925 by H. L. GATES
Published by arrangement with First National Pictures, Inc.

CHAPTER 1—Continued
New doubts, new speculations took their place in the parade that marched heavily across the shop girl's brain. The creditors, those incalculably little people who fatten on the meagerness of the shop girl's purse with exorbitant prices for dainty things due in their prongs and faded away. They were now of the yesterday. For the first time—the first time that she could remember, Joanna, waiting to be dismissed for some unknown offence against some unknown customer, thought of tomorrow as it loomed within her own outlook. Dissatisfied from one side, the others would be, for a time, barred to her. And she had struggled long to attain the opulence of salaried of the higher grades, had she been, more accessible morally she would have been more prosperous.

But Joanna stopped short of a great many things; a stopping short too many people, classing her as one of a genius—the ultra modern genius—would not have credited her with.

She counted tranquilly and estimated herself one week of idleness with out being too deep in trouble. Of course if the worst came to the worst she could pawn the fur wrap. Cohen wouldn't know.

But Joanna didn't want to pawn that coat. At any of the dancing places to which the boys took her it would be missed immediately. Other girls, she observed of such things, and really a fur wrap is a necessary mark of caste nowadays. None of the boys would be coming around for her if she showed up

RUN-DOWN AFTER BIRTH OF BABY

Ottawa Woman Made Strong by Taking Lydia E. Pinkham's Vegetable Compound

Ottawa, Ontario. "I was terribly run-down after the birth of my third baby. I had awful bearing-down pains and was afraid I had serious trouble. I was tired all the time and had no appetite. My sister-in-law's friend, Lydia E. Pinkham's Vegetable Compound and cannot praise it too highly and asked me to try it. I have had splendid results and feel fine all the time now. Any one who needs a thorough pick-me-up soon I got from now what to take."—Mrs. RAYNE PAQUIN, 320 Cumberland Street, Ottawa, Ontario.

Terrible Backache
Hamilton, Ont. "After my baby was born I had terrible backache and headaches. I could not do my work and felt tired from the first minute I got up. But worst of all were the pains in my sides when I moved about. I had to sit or lie down for a while afterwards. I could keep my house in order, but many things had to go on down at the time. I was tired of my ailments. I was told by a neighbor to take Lydia E. Pinkham's Vegetable Compound, as she said it would build me up. I was relieved before I had taken the first one and have not had any trouble like it since."—Mrs. T. MARLER, 115 Perspex Avenue South, Hamilton, Ontario.

Canada's New Inland Empire

Wonderful Opportunity in Peace River Country Says Sir Henry Thornton
Canada's newest inland empire is the title given to the Peace River country. Sir Henry Thornton says: "It only 50 per cent. of the acreage of the Peace River districts were brought under cultivation, more wheat would then be produced than is done at present by the whole of Canada. This country abounds in what the nations of the world want—poetry, cattle, sheep and grain. These are raised in abundance. Here we have another great empire in the west awaiting development, and an empire which will be rich in productiveness in the time to come."

For Sore Throat

Take care of myself as well as a family could, and I do."
The elderly man smiled at this. He began to recognize the symptoms. "I am sure of that, my dear," he said softly. "So let's speak of your friends. What kind—I mean have you many?"
She had caught that "what kind." She stiffened in her chair and looked him full in the face. She was embittered anew by that curious expression under his gray eyebrows. "I haven't any friends particularly, besides a bunch of boys who are as light in the head as they are on their feet, but if I want any more I'll pick them out for myself."

Graydon darted a quick look at her. He was silent for a minute, toying with a jade paperweight. When he spoke he had resolved, evidently by shortening his approach to whatever it was he had to say to the malefactor from the silk counter who was not disposed to be humble in his presence.

"I must say that you impress me," he said, as if voicing a profound conclusion, as one who would not hesitate to dismiss friends if they were not invited. Again he was silent. Joanna fancied that he was preparing a new method of attack. She built new fortifications around her scruples and waited craftily.

Graydon was still patient. "You have read, I suppose," he said quite slowly, as if he wanted her mind to follow him. "Of Under the Greenwood Tree, who put her foot into the golden slipper?"

"Yes," Joanna replied, "I've read about it—lots. But I'm off the price sheet, and I put on my own slippers, thank you."
Then the Old Man laughed, laughed as some of his executives didn't know he could laugh. He dropped the jade paperweight and rose. Joanna rose with him, but he turned to a window and looked out into the skyscraper make that opened here and there to release a glimpse of an open line plunging its way down the sapphire river toward the Narrows and the sea. When he turned back into the room Joanna stood by her chair watching him steadily. He went almost up to her, so close that she had to tilt her face to look up at him. "What he spoke again there was a new note in his voice."

"We mustn't fence, Joanna," he said. "I didn't send for you with any little pretense. I am to have the pleasure of delivering to you a message, a rather interesting message, I assure you. Something has happened to you, or for

you, that so far as I know has never happened to any girl, at least so unexpectedly. First, I am to hand you this."

The sense of impending climax suddenly numbed Joanna's brain. The manner of Graydon had become portentous. She stared, fascinated, while he turned to his great desk. When he stood over her again she took into her hands, wonderingly, a small, thin book which he silently held out to her. She looked up at him. He closed his fingers about the book and then lifted its cover for her. It unfolded letter-flopped to the floor. Graydon recovered it and, opening it, gave it to her, motioning her to read it.

She saw her name, with the store given as her address.

When she had read the first typed paragraph Joanna, Joanna, with the shimmering gold brown hair, clutched frantically as if with her hands to catch her wandering wits. One hand fluttered then to her throat. She sawed. Graydon caught her by the shoulders and guided her as she drooped into her chair.

(To be continued)

Luncheon Clubs Not New Idea

One Which Flourished in Addition's Days Had Queer Rules
The modern luncheon clubs such as the Rotary, Kiwanis and Knights of the Rotund Table, do not typify a new idea, according to records. Luncheon clubs were well established in Addison's day when the "Spectator's Club" flourished under rules that include: "None shall be admitted into the club that is of the same trade with any member of it, or of any member's avocations or careers, his neighbor may give him a kick on the shin, and if any member tells stories that are not true he shall forfeit for every third lie a half penny."

HEALTHY CHILDREN ALWAYS SLEEP WELL

If Baby Does Not Enjoy Refreshing Sleep He Is Far From Well
The healthy child sleeps well and during its waking hours is never cross but always happy and laughing. It is only the sickly child that is cross and peevish. Mothers, if your children do not sleep well; if they are cross and cry a great deal, give them Baby's Own Tablets, and they will soon be well and happy again.
Baby's Own Tablets are a mild but thorough laxative which regulate the bowels, sweeten the stomach, banish constipation, colic and indigestion and promote healthy sleep. They are absolutely harmless, free from opiates and may be given to the newborn babe with perfect safety.
You can obtain Baby's Own Tablets through any medicine dealer at 25 cents a box, or by mail, post paid, from The Williams Medicine Co., Brockville, Ont.

Little Helps For This Week

He leadeth me.—Ps. xlii, 2.
Through many a thorny path He leads My tired feet,
Through many a path of tears I go: But it is sweet
To know that He is close to me, My God, my Guide!
He leadeth me, and so I walk Quite Satisfied.
Like Alpine climbers, our only safety is in steadily fixing our gaze on Him, our Guide, and following step by step the path He trod, that He might know all the dangers and difficulties that beset our way. And we may be sure He will never lead us further or faster than we can safely follow.
—Rose Porter.

Many have been relieved of corns by Holloway's Corn Remover. It has a power of its own that will be found effective.

Cultivated
In reporting a flower show, a newspaper used an "rt" for an "r" with the following result:
"As Mr. Smith mounted the stage all eyes were fixed on the large red nose he displayed. Only years of patient cultivation could have produced an object of such brilliance."

Congo Evolutionists Eat Inferior
New evolutionists have been found in the Congo. "Native known as the Baka, believe that apes are descended from disgraced men. 'We are better and prouder than the apes, therefore we eat them,' they told the Rev. H. C. Graham, a returned missionary.

Allies Allow Germany To Build Zeppelins

Airship Is Designed For Pleasure Trips and Commerce
It is reported from Friedrichshafen that the public subscription in Germany organized by Captain Eckner for the construction of a new Zeppelin has produced so far 2,200,000 marks out of a required total of four millions. Half a million was handed over to the company in order to begin building the airship immediately.

It is understood the allies consented to the construction of the Zeppelin is destined for pleasure trips and commerce.

Banish The Blues

By Observing Nature's Basic Rule

Those who suffer from despondency, listlessness and headaches can usually trace the cause of these conditions to constipation.

They are frequently brought about by overwork, nervous strain, lack of outdoor exercise or sleep, or improper food, but more frequently by the non-observance of nature's basic rule—regular thorough bowel elimination.

Poisons from waste matter left behind are picked up by the blood and absorbed by the system, weakening the nerves and lowering the vitality.

Najol, the scientific internal lubricant, corrects constipation in nature's own way by augmenting the supply of natural lubricant.

Naïol by softening the waste matter thus permits thorough and regular elimination without overtaxing the intestinal muscles. It is gentle, safe and natural in its action, and can be taken for any length of time without any ill effect.

Ask your druggist for Najol today and remember—look for the name "Najol" in red on both bottle, label and package.

LEG SORES

ARE GUARANTEED. If you suffer from Leg Sore or Varicose Veins, I will send you absolutely FREE a copy of my famous book that tells you how to get rid of these troubles for all time by using my remarkable painless treatment. It is different from anything you ever heard of and the result of over 15 years special training. Simply send me your name and address to J. H. WHITTELL, 211 East 11th Street, Kansas City, Mo.

The Touring
Ford
Model 1914
No. 12345

The Improved Ford Touring Car

AN all-steel body on the improved chassis, with a new top designed to harmonize with the reduction in height, gives the Touring Car a grace and smartness heretofore unapproached.

Advances in comfort have kept pace with improvements in design. Placing the fuel tank under the cowl has made it possible to lower the seats, giving greater leg room and added comfort for driver and passengers. Ventilation and driving vision are improved by the new touring windshield, the lower half of which is adjustable.

The side curtains, generally redesigned to conform to body and top changes, add the final detail of touring comfort. When in place, the curtains open with the doors and combine wide vision with lasting durability.

Stony Plain and District.

Mr and Mrs D M Barker left last week for their new home in Vancouver. They were accompanied by their daughters, the Misses Muriel and Elsie Barker.

Mr Ph Altheim is moving this week to the Barker farm in Carvel district, which he recently purchased.

Mr Kibbelwhite has leased the J F Clarke house on 3d Street.

Hy Lutz of Carvel was a business visitor to the city on Tuesday.

Roper Barry, a former resident of Holborn, but now at Whitecourt, was in town this week.

Mr and Mrs Margon and family, who were residing in Stony Plain for a short time, left this week to reside on their farm in the Duffield district.

The demonstration of Star cars given on Saturday afternoon last in Stony Plain was a very successful affair, drawing quite a good crowd of interested spectators, all of whom were given a chance to prove what easy-riding and comfortable conveyances a Star Sedan or Star Coach are. Mr Speakman is to be congratulated on the splendid display made.

Auctioneer Washburn held a very successful sale last week at the Klapper farm, when good prices were obtained for all the articles offered.

The rolls of the Rifle Club are now ready for signing by the members. The Secretary would be pleased to have all who wish to become members call and have their names entered.

While operating a pump on the farm of his father, John Enders, Comet District, on Friday last, John Enders Jr had his left arm broken in two places.

An entertainment is billed to be held Monday evening next in Winterburn Community Hall, under the auspices of the Ladies' Committee of St. Joseph's Church, Spruce Grove. There will be cards and music. It is expected a large crowd will be in attendance.

Contractor Sam Anderson is arranging to commence operations next week on the construction of the edifice at Duffield for the Reformed Evangelical Hope congregation. The building will be 28x40' and frame.

Mr Robt Winter, the well known and popular farmer and game guardian of Heath ordown district, is leaving this week to take up his residence in Vancouver.

Several popular young couples in town and district are planning to make the momentous trip to the altar next week; and the charivari parties are coming on having several busy and pleasurable evenings.

The Inga Council meets in Stony Plain on Saturday, April 3d.

The Edmonton Spring Stock Show will be held this year at the Exhibition Grounds on April 5 10.

The open season for pink, fisher, marten and fox ended yesterday. The muskrat season is open till April 30.

Stony Plain and District.

Mr Geo Kulak motored to the city on Tuesday.

Mr Wm Langer has resumed his position at the Michael Hardware.

Mr Joe Miller this week purchased a handsome new McLaughlin car.

Mr T Snelling, a produce dealer from Detroit, was in Stony district this week, buying potatoes for the American market.

Mr Ben Johnson has disposed of his property on Meridian Road to Mr Hy Sinner. The latter had sold his house on 2d Street to Mr H Walton.

Mr Pete Baron, well-known agriculturist and a former business man in Stony Plain, is in Chipman this week, arranging a deal to take over the garage there.

Mr W B Russell, teller at the local bank for the past 8 months, has been transferred to Vermilion. Mr P Faulkner has taken his place here.

With the possibility of seeding operations commencing on the farms in a short time, there does not appear, so far this season, to be any great demand for outside help.

The Ladies' Aid holds their regular monthly meeting at the home of Mrs J F Clarke on the evening of Tuesday, April 13th. A full attendance is requested as the election of officers for the ensuing year will take place.

Volume V—Agriculture, sixth census of Canada, 1921, covering information re farms, crops, animals, animal products, etc., has just been issued from the office of the King's Printer, Ottawa. The price is \$1.00.

Card of Thanks.

Mr and Mrs A Meredith wish to express their sincere thanks to their relatives and friends for their kindness and sympathy in their recent and bereavement, also for the beautiful floral offerings.

No Normal for Edmonton.

Edmonton cannot look for the location of a Normal school in that centre until the financial situation of the province improves, the leader of the Opposition in the Legislature was informed by the Minister of Education last Monday night.

Capt. Bowen, the leader of the Opposition, urged the advisability of establishing a training school for teachers in Edmonton, but Mr Perren Baker was adamant in his refusal to even consider the proposal at this time, although he admitted that it would be advisable to place one of those large institutions in a city like Edmonton.

"But the fact remains that in the two institutions of this kind we have at present, in Calgary and Camrose, we can turn out and train all the teachers we need to keep up the annual supply for this province," replied Hon. Mr Baker. "To have three Normal schools in the present time of financial distress is out of the question, and we must carry on with the two we have."

Here and There

The total coal production of Alberta mines during 1921 amounted to 5,883,394 tons, an increase of 879,631 tons over the preceding year. The figures were as follows: Domestic coal, 3,163,363 tons; sub-bituminous, 631,536; bituminous, 2,148,200.

A corps of young guides who will show visiting skiers the best localities, hills and runs for the sport was formed at Mont Roland, Que., in the Laurentian Mountains recently. About twenty young fellows were enrolled. For the summer a corps of guides will probably be formed to show visitors the best fishing, bathing and boating localities.

Twenty-three seconds was clipped off the Canadian record for women's indoor 220 yards swim at the Crystal Gardens, Victoria, B.C., when Marie-Chen Wenslau, famous Hawaiian mermaid, Olympic champion and holder of 100 yard and 100 meter world records, met Audrey Griffin, well known Canadian girl swimmer of Vancouver. The time was 2:52.8-6.

The Chateau Frontenac at Quebec will have been reconstructed and the entire building of 190 rooms will have been rendered fire-proof by June 1st, according to information from head offices of the Canadian Pacific Railway in Montreal. The burnt part of the Chateau has been rebuilt up to the fourth floor while the steel for the roof is in process of erection.

Major F. J. Ney, executive secretary of the Canadian Council of Education, returned to Canada aboard the Canadian Pacific liner Montcalm after a tour of Palestine, Cyprus and Egypt where he laid foundations for the organization of the Mediterranean branch of the Overseas Education League. Lord Lloyd, High Commissioner for Egypt and Field Marshall Lord Plumer, Commissioner in Palestine, have both consented to become honorary vice-presidents of the League.

When Lord and Lady Allenby were in Vancouver recently, a group of women whose husbands and sweethearts had been carried for by Lady Allenby during the war days in Cairo, thanked the "Lady of Mercy" for her care and attention. These husbands and sweethearts are now happily settled in the sunny Okanagan Valley of British Columbia and have banded in a unique organization known as the Jaffa Gate, every member having passed through the Jaffa Gate into Jerusalem.

According to figures for 1921 the growth of interest in First Aid certification is attested by the fact that 1,698 men and women were successfully examined on the whole Canadian Pacific system during the year. In all, approximately 25,000 Canadian Pacific Railway employees are now holders of First Aid certificates, while a large proportion have vouchers, medallions and labels indicating that they are far above the certificate standard, severe as that test of knowledge is.

R. E. Larmour, general freight agent of the Canadian Pacific Railway, has announced that westbound lake and rail freight from eastern points will be accepted for shipment on the Great Lakes, subject to delay by reason of ice conditions, by April 9, at Port McNicoll. The outlook for package freight, both east and west bound, is considered to be as good as last year when returns from this source were about equal to those from the carriage of grain.
